FEEDBACK — AgriSoko Pocket G03

At least four people must test the product, including two from outside the group. Names appear only with consent. This page is blank on purpose until those testers exist. Do not invent a farmer or a cooperative quote.

#	Tester category (student / lecturer / cooperative / other)	Consent	Task	Observation	Decision
1			Ask a name query		
2			Ask a feature query		
3			Deliberate no-match		
4			Airplane-mode name lookup		

Group members may facilitate the session but do not count as the two external testers.
